

CU@LUNCH with Cooper Union Alumni

Seth Labenz, Art '06 & Roy Rub, Art '06

Led by Seth Labenz and Roy Rub, Topos Graphics calls home the place where thought and form meet, and they live and work with graphics in New York City.

Specializing in ideas for print, they are interested in projects that both raise questions and point toward answers. Small or large in scale and intimate or public in sentiment, their work is propelled by a desire to see words and images actively participate across multiple platforms.
